Program Book Contents

This is the table of contents and the daily task guide.

- 1. In the Task Column all the tasks that the student is presented with are listed, if you prefer, you may list them by content area or simply list them.
- The date column should be filled out with the dates of attendance.
- 3. Each day, the teacher should indicate which tasks from the task column are to be completed. The teacher should indicate whether the tasks are to be taught (T) or assessed (A). If assessed, the person working with the student enters the data on the Task Page behind the Program Book Content Page.
